2. Design a user interface prototype for a mobile station using

Figma, considering connectivity and convenience.

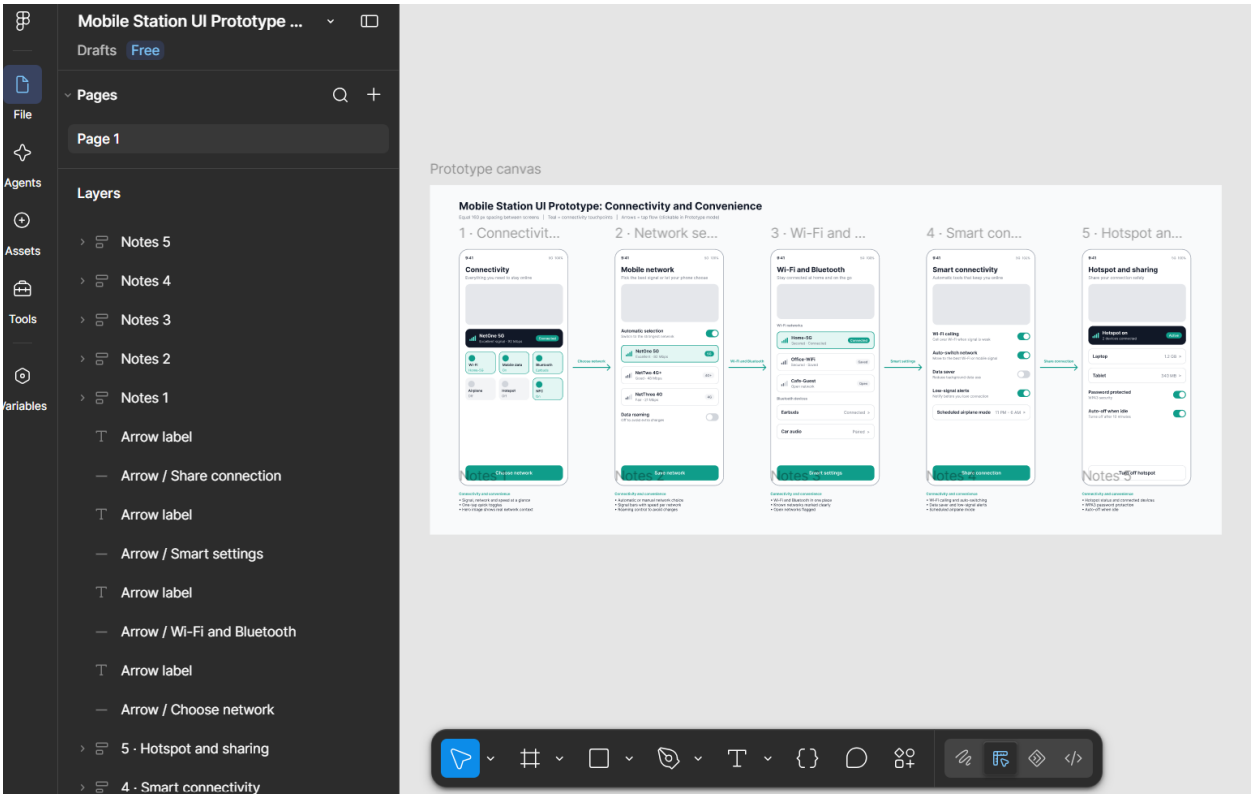

Aim: -

To create a user interface prototype for a mobile station using Figma, considering connectivity and convenience.

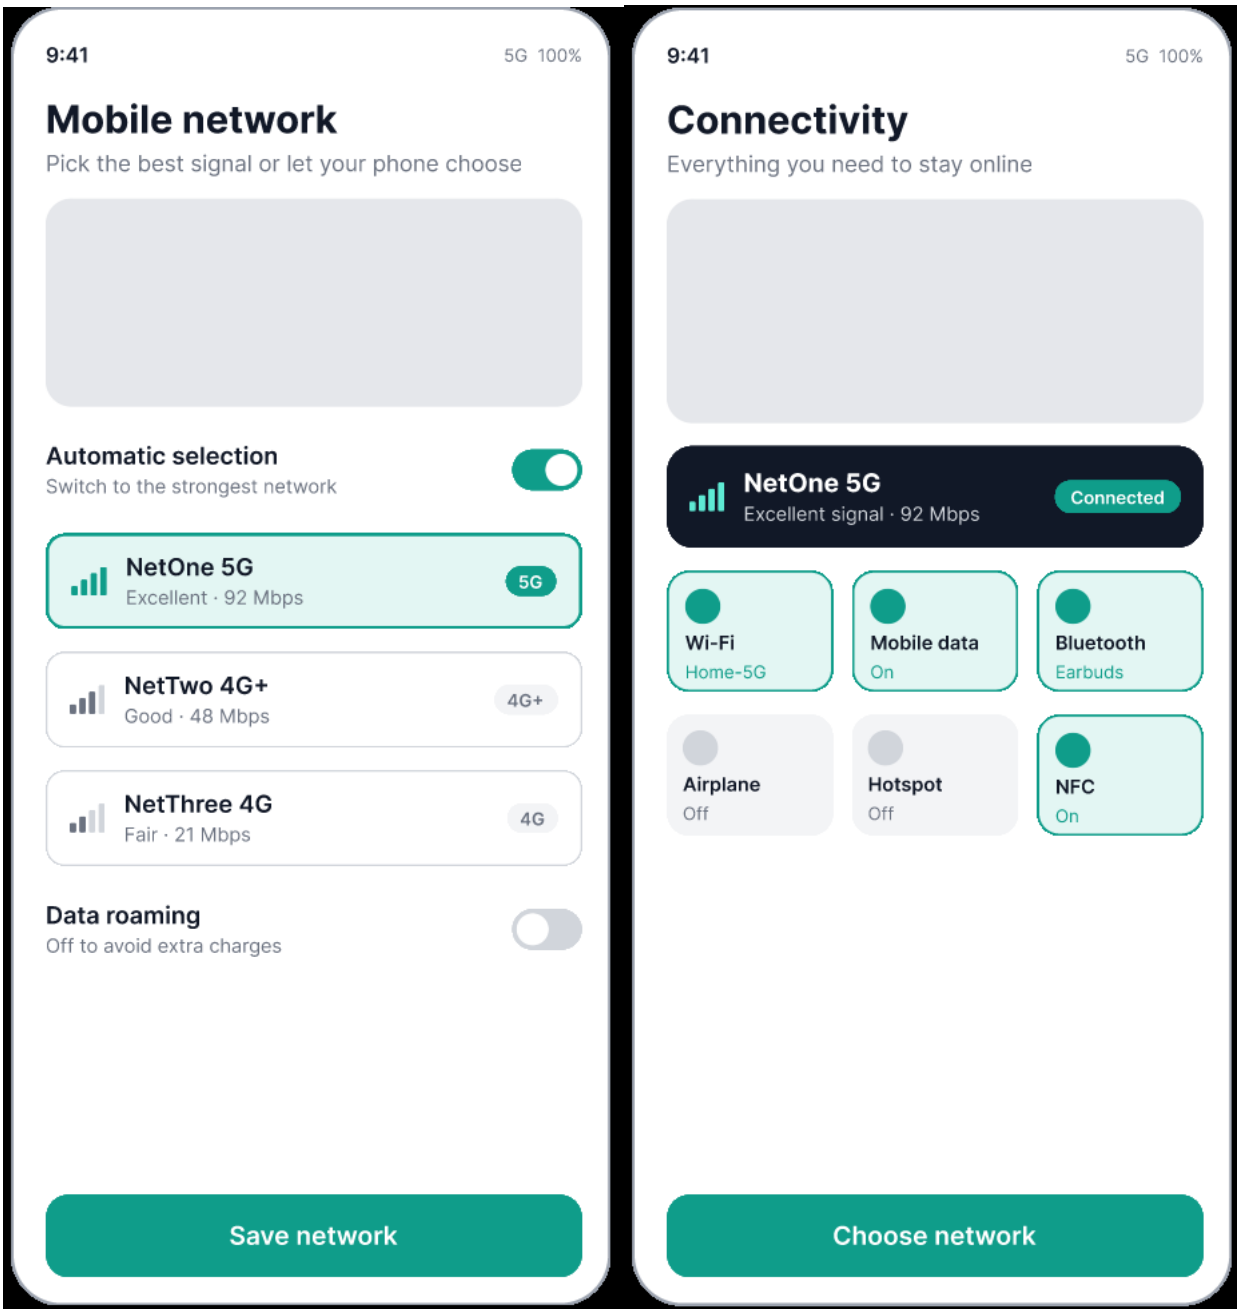

Procedure: -

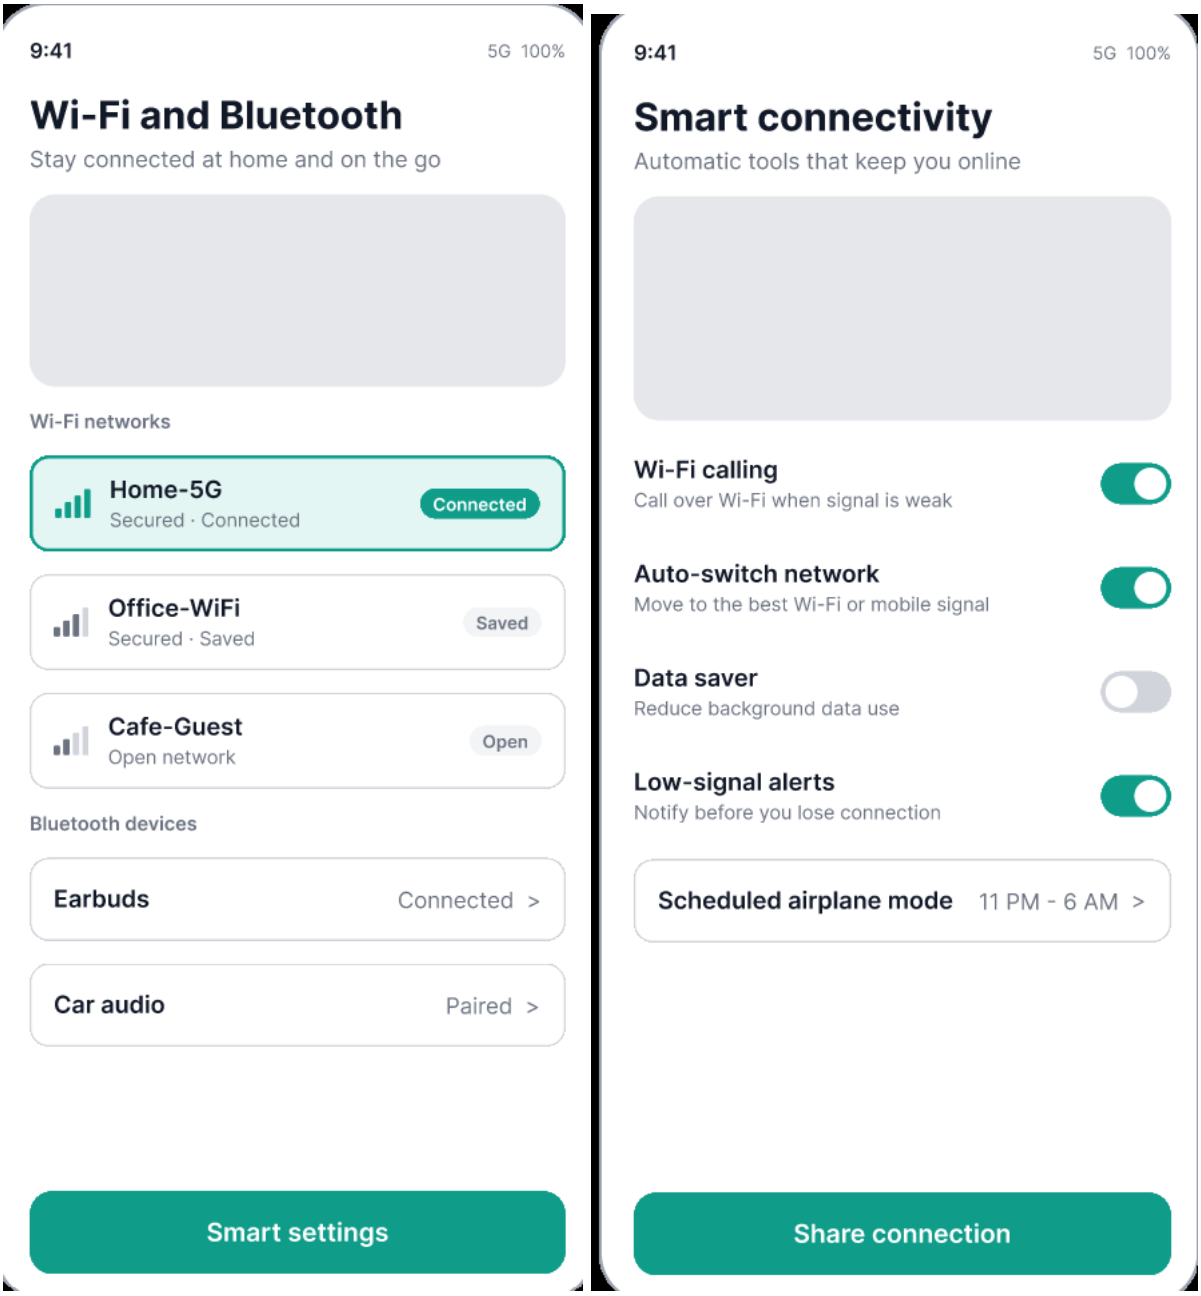

1. open Figma
2. Create a new file
3. Select the Frames
4. Design Visual Elements
5. Make it Interactive
6. Add icons on the Frame
7. Incorporate Multimedia
8. Storyboard Animation
9. Review and edit the Prototype
10. Save and Share
